

# Chair Modeling for sustainable development

## International Days of the Chair Policies after Fukushima

The aim of the workshop is to discuss the future role of nuclear power after the devastating events in Japan. The impact of industrial, market and policy change will be examined, thereby trying to answer what changes can we reasonably expect in the near-, to long-term future. Of particular interest is to evaluate the energy policies that are currently being discussed in terms of their impact on the development of energy systems. The workshop will be held in collaboration with researchers from around the world, and focus on issues in Asia as well as in Europe.

### Preliminary program

**Thursday 15 March - 14:20 - 18:30**

Introduction - The role of nuclear after Fukushima  
Development of energy systems in Asia

**Friday 16 March - 9:00 - 18:30**

Development of European energy systems  
Global impacts of Fukushima  
Panel discussion

Key speakers:

Japan: Professor Jusen ASUKA, IGES - Tohoku University

China: Professor Teng FEI, Tsinghua University

UK: Dr. Paul DODDS, UCL

Germany: Dr. Markus BLESL, IER

France: Professor Nadia MAÏZI, MINES ParisTech

France: Professor François LEVÊQUE, MINES ParisTech

IEA: Dr. Uwe REMME

IAEA: Mr. Eric Lee WILLIAMS

AREVA: Mr. Didier BEUTIER

**15-16 March, 2012**

**Amphitheatre MOZART - MINES ParisTech, Sophia Antipolis, France**
